OF Hitchcock is receiving anoth r invoice of Goods, and advertises to sell off his old stock at greatly reduced rates. One great evidence of Mr. Hitchcock's increasing popularity among the trading public is in the fact that his trade increases as the people become the more acquainted with his way of doing business. No more can be said to any man's credit.

of the lecture on Monday evening we can only say that the argument against Slavery, although by no means novel, was well presented by Mr. McCormick. A large and appreciative audience was in attendance, although the night was dark and stormy. Too much hair on the upper lip of the speaker, we thought, impaired anaterially the effect of a fine voice.

By the court sy of Mr. Hunt, Post Mast er of Teledo, we are enabled to receive our Eastern mails, by way of the D. & M. R. R., at 1:20 P. M. each day. The accommodation will be appreciated by our citizens when they reflect that we are thus enabled to obtain mail matter nearly twenty-four hours earlier than by the old arrangement.

The State Board of Equalization have vaised the lands in Wood County, ten per cent and passed the towns and villages as returned They reduced the valuation of Toledo, city property, twenty-five per cent, as little as could be expected, when it is considered that the valmation still remains seventy-six per cent, greater than it was in 1853. They have nearly closed their labors, and are about ready to adjourn.

28 Our Representative, Mr. Wood, has already acquired the reputation of a shrewd, straight forward business man in Columbus --His votes will be found right every time, and what is more, he will always manage the thing so that his friends vote pretty near as he does ---As a shrewd manager he is excelled by lew in the House; and we are very much mistaken if he does not give his constituents perfect satisfuetion as their Representative.

The telegraph bri-fly notices the decease on the 28th ult, of Thomas Babington Macauley . Another great literary genius has gone hence, To Humboldt, Irving, Prescott, Hunt, and D Quincey, great writers and noble men all. Macauley is now to be added, as those who during the past year have been called from their labors on earth. T. ough numbered with the dead they will not page from the memory of the living --So long as the English language survives, so long wil their writings be read and their memories kept green in the heart of every lover of the true and beautiful in its literature.

The latest news from Europe is unimpor tane, considerable excitement exists in diptomat ac circles in regard to the views set forth in French pamphlet, entitled " Pope and Congress." an I which is charged to contain the opinions of the Buperor of the French. No time has as yet been agreed on for the meeting of Congress, but it was ramored that Austria, Spain and Naples would refuse to send Plenspotentiaries unless the Pope was represented. There is nothing of Importance as 'o the war in Morocco.

The miserable pump waro " does " the local of the Teledo Times has somewhat to say concerning a levy by the Sheriff upon the office of this paper, and the rejoicing of the inhabitants of Perrysburg over the absence of its edito. but he has nothing to say of the chattle moregages that are plastered over the Times office, or of the levy that its creditors would have made were not the paper even more worthless than even his worthless promises to pay. Should he ever leave Toledo, he can console himself with the knowledge that there is not a gambling hell or a house of ill-fame in the city, but will clothe itself in sack-cloth and ashes for the loss of its most efficient supporter.

THE DAYTON & MICHIGAN R. R .-- The Cincin

nati Commercial has the following: There has for many years been a considerable trade between this place and Detroit by way of Cleveland, or, better, by Sandusky-hut it could on y be carried on during the season of naviga-tion. By the opening of the Dayton & Michi-gan road, and the affective system by which it is worked, we are now placed in direct connection with Toledo and Detroit, a fact of which we were reminded on yesterday by the arrival of considerable quantities of Oats direct from the latter city. The choicest, clear, fine lumber now in this market is brought from Toisde and Detroit. Property.

For several days the rate and melted snow and been pouring into the river, and on Friday ight last the ice was broken up as far down as Court tiouse in Personary on Rick Bar, when it was choked appared the water set sek over islands and flats, completely sub mergag orchards and corn fields, and bearing off fertes, fish shonties, &c.

Severa hundred bushels of corn, left on the large islad, opposite this place, by Mr. Hayes, were sweptyway, Mr. Thurnton's loss is also considerable, the damage to his brick kilu cannor yet be defeately ascertained. All the rails about the largeract of Mrs. Ladd's land, at the lower end of tom, were lost. Farmers up the river Ohlo. have been losers o a large extent. In short, the freshet has been tore destructive to property on he flats and islang than any other which has hapened for many enra.

The road to Maume was covered with enormous cakes of ice to be depth of five or ton feet but Porks' men have sleared a possage of saf ficient width for teamsto pass.

We observe that the ank recently thrown up between the Rai road brige and the stone road proved effectual in stepping the passage of the ce over the flats between the liveranlie bank and the road, thus saving be road and culvert

We may be able in our next o give particuars ot loss and damage occasional by the freshet. The waters have not ver entirely subsided.
